The Organisation

The Australian College of Rural and Remote Medicine Limited (ACRRM) is an accredited specialty medical college responsible for setting and maintaining professional standards for specialist general practitioners and rural generalists in Australia.

Nationally, ACRRM has more than 7,000 members, including Fellows, trainees and associate members, who live and work in rural, remote and First Nations communities across Australia. Members provide expert front line medical care in a diverse range of settings including general practices, hospitals, emergency departments, Aboriginal health services and other remote settings such as RFDS and the Australian Antarctic Division.

ACRRM's core business is training and assessing specialist general practitioners for a rural generalist scope of practice, setting clinical standards for rural generalist practice; and support and advocacy services for rural, remote and First Nations communities and the health teams that serve them. Its vision is "Healthy rural, remote and First Nations communities through excellence, social accountability and innovation".

The College's headquarters is in Brisbane, Queensland although the majority of staff work flexibly from state, regional or rural locations across the country. ACRRM offices are also located in Adelaide, Bairnsdale, Bendigo, Bunbury, Canberra, Darwin, Hobart, Perth, Rockhampton, Townsville, Wodonga and Wollongong.

Our Values

Optimism: We believe we can individually and collectively make a positive difference in the lives and wellbeing of others. We are curious, creative and constantly exploring new ways to achieve our goals. We celebrate success and share our ideas and experiences with others.

Conviction: We have a deep understanding of our obligation and opportunity to deliver the best possible response to the priority health needs and challenges of our rural, remote and First Nations communities. We work with, for, and as members of, the communities we serve.

Courage: We are prepared to speak out, challenge the status quo and embrace change. We are champions, supporters and guardians. We are comfortable with uncertainty. We humbly seek to understand our limits and to collaborate with others to ensure the best possible outcomes.

Inclusiveness: We are a friendly and welcoming Mob from across Australia and around the world, united by a shared vision. We take strength from our diversity and relationships. We listen, learn and care for each other with dignity and respect. We love to laugh and have fun, and to celebrate the joys in life and work.

Overview of Position

The Structured Assessment using Multiple Patient Scenarios (StAMPS) is a high-stakes clinical assessment that evaluates candidates' clinical reasoning, application of knowledge, decision-making and communication skills within realistic clinical contexts. The Emergency Medicine (EM) StAMPS assessment forms part of the Advanced Specialised Training (AST) pathway in Emergency Medicine.

The Lead Examiner (EM StAMPS) provides educational, clinical and operational leadership for the EM StAMPS assessment program. The role is responsible for ensuring the validity, reliability, defensibility and quality of the assessment through oversight of examination development, blueprinting, scenario validation, examiner calibration, standard setting, moderation, quality assurance and reporting processes.

Working closely with the Lead Writer, Director of Assessment, Assessment Manager, Examiners and other key stakeholders, the Lead Examiner ensures the assessment remains aligned to the AST Emergency Medicine Curriculum and reflects best practice in high-stakes medical assessment.

The Lead Examiner serves as the educational leader for the EM StAMPS examination and provides expert advice to the Board of Examiners, Assessment Committee and College leadership regarding examination performance, standards and continuous improvement activities.

Position Requirements & Responsibilities

Assessment Leadership and Governance

- Provide leadership and oversight for all aspects of the EM StAMPS assessment program.
- Maintain the academic integrity, quality and defensibility of the EM StAMPS examination.
- Ensure assessment activities comply with College policies, governance requirements and contemporary assessment standards.
- Identify assessment risks and implement strategies to mitigate them.
- Champion continuous improvement initiatives and assessment innovation.

Examination Development and Blueprinting

- Collaborate with the Lead Writer to review and approve examination blueprints and key features.
- Ensure examination content aligns with the AST EM Curriculum, learning outcomes and blueprint requirements.
- Oversee the ongoing management of the EM StAMPS scenario bank, ensuring content remains current, relevant and reflective of contemporary emergency medicine practice.
- Monitor scenario usage and coordinate the retirement, revision and replacement of examination scenarios as required.
- Ensure retired examination content is appropriately transitioned for use in candidate preparation activities, examiner training and approved educational resources where suitable.
- Review and validate examination scenarios and assessment materials in lead up to standard setting and quality assurance activities.

Standard Setting and Quality Assurance

- Lead standard setting, moderation and quality assurance activities for EM StAMPS.
- Co-lead the validation and road testing of examination content and assessment materials.
- Ensure assessment content and standards are fair, valid, reliable and aligned with curriculum requirements.
- Facilitate examiner consensus and consistency in assessment decisions.
- Review assessment outcomes and contribute to continuous improvement of examination content, marking frameworks and assessment processes.

Examiner Leadership and Development

- Lead examiner briefing and moderation activities.
- Mentor and support examiners to promote consistency in assessment decisions.
- Ensure examiners understand examination processes, standards and marking criteria.
- Allocate examiners to scenarios using clinical expertise and examination experience.
- Foster a collaborative, professional and constructive examiner culture.

Examination Delivery

- Support the resolution of examiner and assessment-related issues during examinations.
- Ensure examination processes are applied consistently across all candidates and scenarios.
- Support the Assessment Team in the implementation of examination operations and quality assurance processes.

Reporting and Stakeholder Engagement

- Prepare the Lead Examiner Report following each examination cycle.
- Contribute to Public Assessment Reports and other formal College reporting requirements.
- Analyse assessment outcomes and communicate findings to relevant governance groups.
- Present examination outcomes, recommendations and quality improvement initiatives to the Board of Examiners, Assessment Committee and other stakeholder groups as required.
- Provide expert assessment advice to the Assessment Manager, Director of Assessment and College leadership.

Selection Criteria

- Fellow of the Australian College of Rural and Remote Medicine (FACRRM) with a minimum of two years' postFellowship relevant clinical experience.
- Advanced Specialised Training (AST) in Emergency Medicine.
- Current unrestricted medical registration in Rural Generalist Medicine.
- Current clinical practice in Emergency Medicine, including ongoing work in an Emergency Department.
- Current or recent EM StAMPS examiner experience.
- Demonstrated experience in high-stakes assessment and examiner-based assessments.
- Experience leading multidisciplinary teams, committees or groups of examiners/writers.
- Demonstrated experience facilitating professional discussions and achieving consensus.
- Experience interpreting examination performance data and assessment outcomes.
- Experience preparing high-quality written reports and official documentation.
- Experience delivering presentations, workshops or examiner training sessions.
